

*Camera zooms in on mae*

M: My name's Mae Borowski,

*Shifts to Gregg smiling and screaming with his helmet on.*

G: AAAAAAHHHHHHH

M: This is my best friend Gregg,

*Shifts over to Angus who smiles a little.*

M: His boyfriend Angus,

*Shifts to Bea who scowls.*

M: And my other best friend Bea.

*Bea takes a drag from cigarette and blows smoke at camera. Shot transitions, zooming through smoke/clouds to overview shot of town running from tracks left to welcome sign right, switching from top down to side view and scrolling though the town right to left. When camera pans past them, selmers, lori, and germ look at camera.*

M: This is Possum Springs, a small backwater town in nowheresville Pennsylvania. Nothing interesting ever happens here...

*After transitioning through town center camera zooms into the woods and focuses on the mines, going down through the rocks to the cult members around the hole, then going down the hole to a pair of eyes in the darkness.*

M: Unless you count the murder-cult sacrificing people to the eldritch god living under the town.

*Camera fades to the group in Gregg's apartment on the couch.*

M: But we don't like to talk about that...

*Camera zooms out window to forest with logo.*

*M: Night in the Woods.*
