

"I mean, I guess you could call it lucky."

"Are you kidding me? You get to actually go up there. I've only seen it in books."

"I'm telling you, the surface isn't that interesting. It's just crop fields and solar stations."

"But you've gotten to actually see the sun! I've only seen the pictures they put on the screens down here."

"You think you'd like to see it now. Its so much brighter up there. It hurts to be up there too long. You start cooking."

"The colors you must get to see."

"I learned to keep my head down and focus on work. If I slip up even once, bam, an entire sector could black out. There's no fun or games working up there."
