

I'm in desperate and immediate need of help in establishing additional Lines of Communication such as Web-Site Development, E-Mail Addresses, Fund-Raising Venues, and Business Location Establishment among others.

Anyone of like mind possessing great skills when it comes to Web-Site Design, I.T. Specialists, Fund-Raising Guru's, Administrative Personnel, and Podcast Production Expertise. I need your help yesterday!

Moving forward, I'll begin an in-depth solicitation of ALL Qualified Patriots interested in joining this fight on the front lines.

This will be an opportunity of Historical Proportions for those of you chosen but it also requires Everyone to understand that, initially, ALL positions will be established on a Volunteer Basis, just like everything that I've been doing!

ALL Positions prior to acceptance will be preceded by a rigorous interview and vetting process of highly skilled People who will possess the following intangibles: Integrity; Morals; Honesty; and Character! With a Mandatory Loyalty to this Movement, Our Country, and the Founding Documents.

ALL Personnel once accepted will pledge their Allegiance to OUR Flag and Swear an Oath that they will freely accept their obligation to this Mission and its Purpose.

ALL Positions will eventually transition into Permanent Positions once Our Fund-Raising Campaign Revenues meet sufficient capital levels required to handle Overhead Expenses for the Entire Movement Operations, which are now identified but not limited to the following:

A – Facility, Operational Overhead, Supplies and Equipment Expenditures.

B – Internal Organizational Personnel for the Organizations Board of Directors.

C – Podcast Personnel (Hosts – Guests -Technical – Production – ETC.).

D – Business Operations Personnel (Financial Dept. Staff, Office Staff, ETC.).

E – Security Operations Dept. Personnel.

F – Legal Dept. Support Staff capable of handling Domestic, State and Federal Government, as well as Constitutional, and International Laws.
