Marisa Tayly

Ship Cook

Human/ Mus Biomorph (House Mouse)

5'1"

Born on 4 Vesta asteroid colony sometime in 2431 to highly religious cult indoctrinated parents. Marisa was Biomorphed at birth as part of the cult's beliefs dictated. After "falling victim" to "Heathanistic propaganda" and realizing that she could have a life outside of the cult, Marisa escaped on a cargo ship bound for 52 Europa at around age 23, where she managed to find a shelter and after several weeks of deprogramming she was finally given an ident card.

Eventually she found work as a cook and waitress at a seedy diner, The Limping Spirit, for three years until meeting Liam joining the crew of the Tyche.
